

MINUTES OF THE BOARD OF SUPERVISORS  
COUNTY OF LOS ANGELES, STATE OF CALIFORNIA

Violet Varona-Lukens, Executive Officer

383 Kenneth Hahn Hall of Administration  
Los Angeles, California 90012

At its meeting held May 13, 2003, the Board took the following action:

The following statement was entered into the record for Supervisors Yaroslavsky and Antonovich:

“To bring attention to the tremendous need for community support for the thousands of youths in foster care, May has been declared as ‘National Foster Care Month.’ In Los Angeles County, there are approximately 30,000 children in foster care. Most children stay in foster care only temporarily and are reunited with their families, but many remain in care for 2 years or longer, and some spend the majority of their childhood in foster care.

“While the Department of Children and Family Services assumes responsibility for the youth in foster care, our entire community bears the responsibility for helping to support and ‘parent’ these youths. Indeed, many foster care children have special needs that cannot be met through government funding alone.

“There are many ways for the community to support foster children. Adults can become foster parents or adoptive parents. There are volunteer programs, such as the Court Appointed Special Advocates (CASA) program, mentoring, and tutoring programs. Donating a gift to help a foster youth meaningfully celebrate a birthday is another form of support.”
